M. J. COLLEGE

RESEARCH POLICY

Academic institutions have three main activities to perform namely Teaching, Research and Extension work. Teaching is the basic activity and it is the backbone of a developed society. Research and development activities help to enhance the quality of learning, promotes innovation, motivate for better teaching-learning among faculties and students. It attracts new minds to build state of the art facilities, promotes research publications, provides platform for collaborative work for the development of the society. Considering these M. J. College, Bhilai framed and implemented its Research Policy.

Purpose

The purpose of the Research Policy is to create and promote a research atmosphere among faculty members and students. The policy shall serve as an overall framework within which research activities may be carried out. The object of the policy is to identify the thrust area of research which is beneficial for the society and adhere to the vision & mission of the college.

Scope

This Research Policy is the basics of the research ethics of the college and is implemented in all the departments. It serves as the guiding tool for the functioning of the Research & Development Cell of the college.

Objectives of Research Policy

The principal objectives of the Research Policy are as follows:

1. To develop desired awareness regarding research in the faculty of M. J. College, Bhilai.
2. To establish a right kind of research culture through various research initiatives and programs.
3. To establish Research Center in different disciplines with emphasis on socially relevant topics.
4. To encourage faculty members to publish research papers and undertake various research projects of social and academic importance.
5. To create awareness in the society through various research initiatives and by giving due publicity to the socially useful research projects that will be undertaken by the college.

Research Policy

The college shall have a well-defined research quality which shall act as a guideline for the scholar, teachers and all other concerned personnel.

1. To encourage original quality basic and applied research in the fields of science, education, computer science, commerce and all related and other relevant fields.
2. To identify the emerging areas of research and encourage the faculty members to undertake research in these areas.
3. To establish linkage with industries and business organizations to identify potential areas of research, surveys and other basic research enquiry.
4. To acquire projects, market surveys and other research activities to acquire assistance from other business houses, industries, NGOs, boards and forums.
5. To encourage faculty members to get research projects from National Funding agencies like SERB, DBT, DST, ICSSR, UGC and other such institutions.
6. To identify faculty members who can work as leaders in the field of research and encourage them to undertake research projects, studies and surveys.
7. To provide financial assistance for publication of research papers and research findings.
8. To organize various workshops to develop appropriate research skills among the scholars and faculty members.
9. To depute faculty members to various workshops, symposia, seminars and conferences in their respective fields as well as in areas of contemporary importance.
10. To establish suitable infrastructure in the college that will help to undertake different research projects.
11. To enrich information and data resources suitable for undertaking quality research projects and enquires.
12. To undertake all other such activities which will inculcate research culture in the college.
