

## ABOUT MAA JAGDAMBE EDUCATIONAL SOCIETY(MJGE), BHILAI

Maa Jagdambe Educational Society (MJGE) is established in the year 2000 with an aim to build a humane society through excellence in education and health care to create Employable person, to bridge the gap between the demand and supply of skilled professionals in the society. Our governing body consists of members who are educationist, industrialist and social workers. Our aims and objectives are correlated, hence we get a great support from our board and staff members who put in their hard work to complete the given challenges. Every year one annual meeting is held to adopt and define new strategies of working.

## VISION

To provide quality education and good moral values to the students of this area, developing the skills that would allow them to make significant contribution to society.

## MISSION *"DYNAMIC DEVELOPMENT OF PERSONALITY"*

- Develop students' ability to identify their strengths.
- Equipping students with knowledge so that they can relate their learning to real-world experiences.
- Maintaining an atmosphere of intellectual freedom in order to prevent biases or prejudices on caste and creeds.
- Inculcating a sense of duty and responsibility towards oneself and society.
- Assist students in developing their dynamic and integrated personalities.

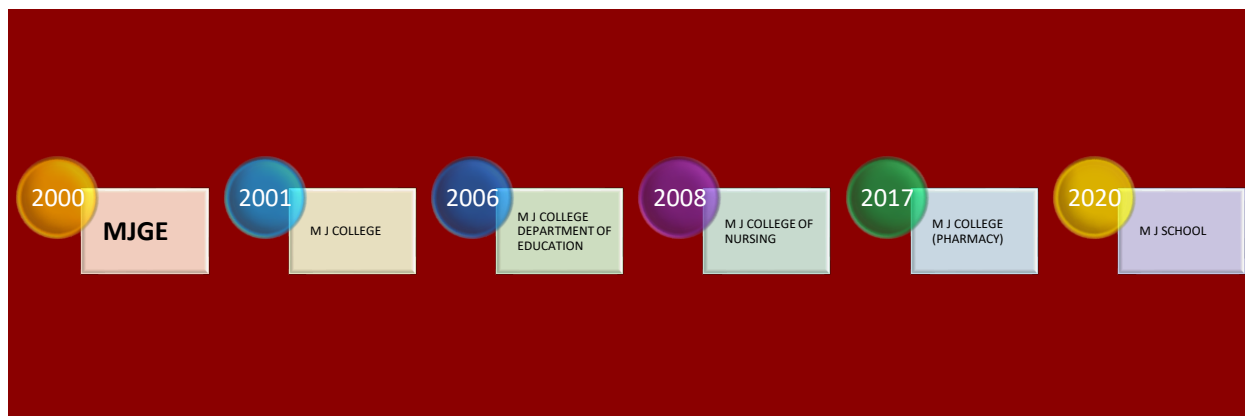

## OUR PURPOSE

Our purpose is to produce proficient professionals and scholars who promote meaningful change in local, national, indigenous, and international communities, to educate and support our students in the critical evaluation and adoption of science-based practices, and to accelerate multidisciplinary research to be applied innovatively within education, health, and human service organizations around the nation as well as the world.

## OUR MOTTO

Enlightenment through Knowledge with our logo caption “POWER OF KNOWLEDGE”

## MILESTONES

## SALIENT FEATURES OF MJGE

### **OUR PEDAGOGY**

Our educational programs prepare students for the real world and offer the opportunity for practical, hands-on experience, internships and projects. Take advantage of this experience to gain the practical skills employers are looking for and open your mind to career opportunities. Academics at MJGE keep pace with workplace demands and ensure that students are work ready and in touch with what's expected in a professional environment.

### **ACADEMIC EXCELLENCE**

Our academic programs enjoy a great reputation in the research and industry. To maintain our leadership position, we focus on inducting the best faculties from the industry and academia. Our faculty is known for its strong academic orientation contributing to the creation of knowledge in a dynamic for every changing environment. Classes are built around experiential learning where students are pushed to their limits to take conceptual framework and apply them.

### **OUTCOME-BASED EDUCATION (OBE)**

Outcome based education is a student centric teaching and learning methodology in which the course delivery, assessment and strategies are planned to achieve stated objectives and goals. It focuses on measuring student performance i.e. outcomes at different levels.

- Some in-house programmes are also being developed for the benefit of students and staff to promote them in global market.
- All computers have equipped with animal experimental software to perform virtual experiments.

## **LIBRARY**

Our college is considered as an academic institution of higher learning with keen observation and excellence. In colleges, the library occupies a prominent position and it is an important and integral part of the teaching programme. Our library is enriched with more than 500 reference books, 10000 text books and 12 Journals of national and international repute with internet connectivity. College library extends

opportunities for self-education to the deserving and enthusiastic students without any distinction and discrimination. These libraries develop in each student a sense of responsibility in the pursuit of knowledge. College library stimulates the students to obtain, evaluate and recognize knowledge and to familiarize themselves with the trends of knowledge for further education and learning new disciplines.

## **MUSEUM**

The college has a well-established and maintained museum for Pharmaceutics, Pharmacognosy, Pharmaceutical chemistry and Pharmacology.

In the **Pharmaceutics** section, we have well-labelled containers and Cartons, and also the samples of different dosage forms, like syrups, suspensions, liquids, tablets, capsules,

suppositories, eye drops, ampoules etc. for detail study of Dispensing and packaging of Pharmaceutical products, and are arranged systematically according to the type of dosage form and therapeutic value.

Having a glimpse of **Pharmacognosy** section, we have various specimens of crude drugs, as

of Cardamom, Liquorice, Fennel, Nutmeg, Ajowan, Black Catechu, Garlic, Amla, Kurchi, Coriander, Sandalwood, Rhubarb and many more. For the morphological studies we have samples of Medicinal plants of Sarsaparilla, Senna, gentian, Quassia, Saffron, Shatavari, Punarnavaetc..

In the **Pharmacology** museum composed of live human organs, skeletal system and various

body parts specimens and animal specimens also.

## **MEDICINAL GARDEN**

M J COLLEGE has the privilege of maintaining a herbal garden within the campus with more than 30 species of important medicinal and aromatic plants. The garden is attached with the Pharmacy Building and its main purpose is to carry out experimental work, serves an important tool for teaching and research,

to preserve and promote the medicinal values of the plants which grow mostly wild, in our surrounding and whose properties are beneficial in maintaining a balance between man and nature. Herbal gardens are the precious source of raw material for medicinal remedies used in primary health care. The herbal garden generally consists of all the herbs which have medicinal and aromatic properties. Presently medicinal and aromatic plants are becoming increasingly economically important due to growing demand for herbal products to cure different diseases. Number of advantages is gained from the establishment of herbal garden as is ready fresh natural resource available for ingredients medicinally.

**CAFETERIA** The college having a neat and clean cafeteria in which all types of food services is available instead of table service; there are food-serving counters/stalls in a line.

## MJ SCHOOL

The MJ SCHOOL (CBSE), firmly believes that today's children will carve tomorrow. So, we need to give them security and a strong foundation in the present, so that they plan the future in such a way that they are torch bearers of the nation. With this aim MJGE has started MJ School in year 2020 to achieve the projected goal. MJ School is aware that quality education, good health and habits and better understanding of the challenges coming up in the future, is the only investment that will give good returns. With this AIM our society has started MJ School.

The knitting of the best teaching with a curriculum borrowed from around the world is what makes the pedagogy of MJ School different from other schools. The curriculum gives equal importance to personality development through activities and instils a respect for one's physical, mental and emotional health. Teaching that, one cannot accept the present and future without the knowledge of the past, is stressed.

The school's activity centres, laboratories, library, etc. imbibe in the child a love for learning. Every child is encouraged to love India and its citizens a commitment to high values and

sensitivity to the environment. We strive to guide and support each child in their journey from primary to senior school and prepare them for the journey beyond school. We realize that every parent's fulfilment of life is the happiness of their child.
